COMMUNITY SERVICE

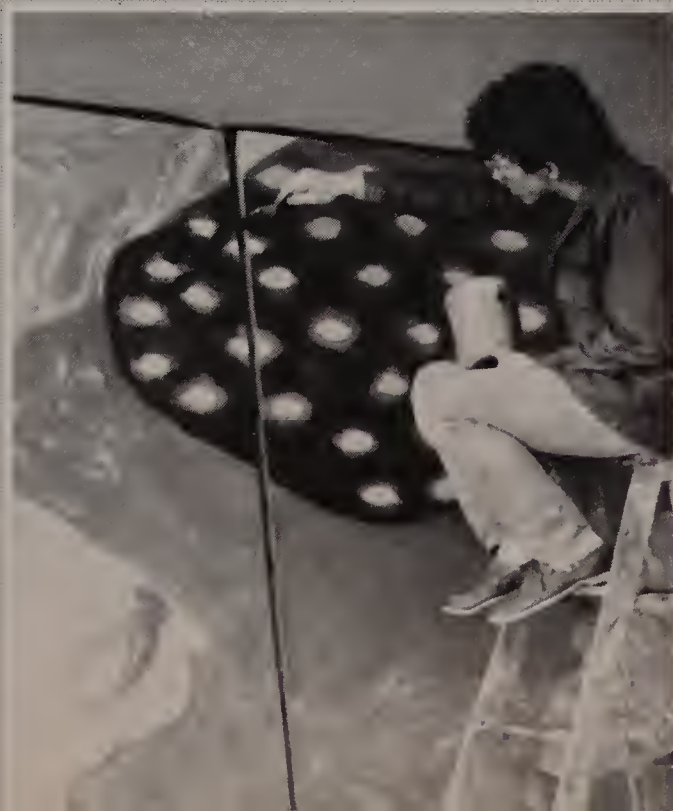

Students Christine Donovan, Wiley Smith and Johanna McGourty have formed a core group for Community Service. These students have worked to establish the goals, requisites, contracts and outreach to initiate the concept of community service within the Junior and Senior class at SHHS. The concept of Community Service involves heightening student awareness of persons in the community who are in need, and encouraging student volunteer response. The students are seen here preparing sandwiches for Pine Street Inn.

J. H. SOCCER

The girls were exhausted, both physically and emotionally, after the three day tournament. The competition level and the wheather conditions were the most severe the team has ever experienced. Yet, the Sacred Heart Girls came together as a team to overcome these obstacles, and finish the competition as runner-up champs.

and we are proud to supply a measure of support to help those efforts along. Contributing to the quality of life here is a commitment at The Five. That's why we

provide free family concerts at Village Landing Marketplace. We support local sports teams, both youth and adult, and we contribute to local civic, community, and service organizations. We provide a scholarship to each high school in our service area, and we are dedicated to serving our community by maintaining the highest standards of quality possible. We are all neighbors with a similar interest in the lifestyle afforded us here.
